SANITARY.

PROCEEDINGS OF THE CENTRAL SANITARY BOARD IN MYSORE.

Read letter No. 5351, dated the 17th June 1911, from the Chief Engineer in Mysore, forwarding for the opinion of the Central Sanitary Board, plans and estimates amounting to Rs. 35,536 for improving the Devaraj market in the Mysore City.

Resolution No. 2.

Dated 18th July 1911.

The improvements consist in (1) substituting the temporary awnings round the main buildings by armoured concrete verandahs and (2) constructing vegetable and fruit stalls and shops with verandahs all round. These works seem to the Board to be very necessary and are approved of by them generally. The Board, however, agree with the Chief Engineer and suggest construction with brick in mortar and ordinary roofing materials, and not with armoured concrete. The floor should be of Cuddappa slabs laid on ordinary concrete and pointed with cement.

P. S. ACHYUTA RAO,
Officiating President.
